

## Subject Index

---

abandoned children 267

abilities, children and parental beliefs  
37

ability, conceptions of 83

### **Abuse**

abused children as parents 145

childhood and teenage pregnancy  
393

cost of 375

doctor's reports 688

drug among lesbian, gay and  
bisexual youth 484

folk remedies 661

gender differences 396

Hong Kong and China, follow up  
398

physical and information about 365

predictors of 392

predictors of 406

representation of self 400

sexual and disclosure 370

sexual and emotional distress 663

sexual and group treatment 391

sexual and perceptions of 676

stress 392

stimulant use 751

victim of in U.S. Army 389

### **Academic**

competence and parent practices 634

performance, sickle cell disease 11

### **Achievement**

early childhood intervention 351

effects of 343

emotional autonomy 713

factors affecting 243

family factors 124

goal orientation 786

home environment 697

influences on 633

parental influence 347

parenting styles 594

predictions of 640

psychosocial maturity 644

retention 116

social adjustment 117

acquisition of verb "know" 562

### **Addition**

developmental strategies 350

skills, training 340

### **ADHD**

advances in 797

diagnostic continuity 647

examination of SM-IV criteria 691

gender differences in 646

low birthweight 649

personality traits 679

validity of 668

### **Adjustment**

in low income families 434

maternal psychological functioning  
171

parental factors 215

psychological trauma 217

social and emotional 791

### **Adolescence**

adolescent mothers and child abuse  
143

cross cultural satisfaction 454

mothers and children's school  
performance 478

adult children of alcoholics,  
self-reflective messages 584

aerobic fitness in middle-school girls  
550

afferent information, processing of  
27

**After school care**

children's adjustment 122  
qualitative analysis 113  
risk factors 123

age, salience of and life course 518

**Aggression**

factors affecting 233  
in nursery school children 728  
preschool 138  
relationship to spanking 191  
social and development of 186  
social-psychological adjustment 174

**Alcohol**

consumption and stress during  
pregnancy 13  
effects of and expectations 696  
exposure and later outcomes 574  
exposure, prenatal and learning  
problems 547  
products, image advertisements 737  
use, determinants of 690

American Sign Language, acquisition  
of 615

anger, management of 245

**Anxiety**

and early attachment 160  
disorders, predictors of 672  
in depressed school children 155

anxious children in adulthood 150

apprentices adolescent 768

art, developmental psychology of  
318

asphyxia, perinatal 541

aspirations by adolescents and  
individual differences 745

**Attachment**

achievement 120  
and mother-child relationships 741  
early and anxiety 160  
effects of infant care 212  
family systems view 253  
parental antecedents of 175  
parenting 180  
prediction of problems 152  
preschool assessment of 519  
role in self-regulation 501  
role of mother's concerns 485  
sensitivity 238  
theory and research 268

**Attention**

affect 377  
and word learning 321  
children and maternal separation 367  
differences in test outcomes 381  
disorders and sleep problems 674  
distractibility 97  
heart rate 62  
nonverbal communications 397  
sign language and motor functioning  
395  
social perception in 388  
social treatment of 382  
span, measurement of 265  
sustained and television programs  
585  
theory of mind 299

**Attention-deficit hyperactivity  
disorder**

ADHD classroom kit 356  
assessment of 133  
evolutionary perspective 264  
hemineglect 359  
predictions from antisocial 195  
self-esteem 142  
social skills deficits 383  
tic disorder 156  
twin study of 151

**Attitudes**

formation of 168  
intergroup among ethnic minorities  
216  
racial among preschoolers 445  
  
attribution, development of bases 625  
  
auditory arousal thresholds 573

investigation of infants 135

**Autism**

crib speech 684  
dimensional classification 686  
home based behavioral treatment 685  
home intervention program, 680  
investigation of infants 135  
  
automaticity in second language 612

babies, interest in 701

battered women, children of 757

**Behavior problems**

assessment of preschool 242  
behavior problems 293  
treatment of 147

behavior ratings 438

**Beliefs**

about family and marriage 328  
contamination of 72

development of 107  
false beliefs 18

**Bilingualism**

and concept of print 21  
and problem solving 560

biological and neuropsychological  
mechanisms 531

birth order, influences on 743

birth, understanding of 49

blind children, role of gestures 46

body mass index, percentiles 551

**Body image**

and self-esteem 666  
exercise 278  
male athletes 278

Boy's Town, evaluation of 360

**Brain**

abnormalities and cocaine 536  
injury and grammar 357  
related potentials and mention  
processing 82

**Bullying**

and psychiatric symptoms 667  
attitudes towards 361  
early socialization 722  
identification of 119

care, effects on attachment 212

**Categorization**

early 319  
early development of 589  
emergence of 104  
referent 39  
sample size 43

causation, understanding of 324

change and development 799

**Child care**

child-caregiver relationships and  
continuity 732

effects of 631

settings, ethnocultural diversity 416

child development and marital  
relations 718

child maltreatment and hospitalized  
children 399

child-rearing attitudes and behavioral  
inhibition 712

**Child support**

nonresident fathers 489

nonresident parents 488

child welfare services 269

**Childbearing**

attitudes towards 448

behaviors and social class 443

colonial America 256

nonmarital and economic impact 441

**Children**

art, images of 29

position of 252

rights 193

rights to resources 270

raised by grandparents 337

social policy 275

children's play, mother's knowledge  
of 326

Children's Physical Self-concept  
Scale 795

cigarette smoking, influences on 236

class inclusion, Paiges morphism  
theory 247

classification, haptic and visual free  
20

classroom practice and cognitive  
theory 272

co-victimization 502

**Cocaine exposure**

and arousal modulation 559

prenatal and postnatal outcomes 283

**Cognitive**

ability, genetic and environmental  
etiology 316

development and marital history 428

functioning and children of HIV

mothers 300

processing biases 57

science 529

theory and classroom practice 272

**Cognitive Development**

effects of special programs 637

predictors of 622

cognitive-language and social growth  
60

communication, nature and function  
of 801

communication skills and learning  
difficulties 308

**Communications**

development and disorders 271

signals 94

signs 100

communicative styles between  
mothers and preschoolers 740

competence, social and academic 636

computer games in adolescence 447

condom use, similarities in sexual  
activity 717

**Conduct disorder**  
and depression 654  
and oppositional disorder 132

conduct problems and early reading  
656

conflict categories 213

consultation, school-based 376

contemplation and conceptual change  
784

contemporary society, influence  
children 695

context, memory for 23

contextualism, reflections on 513

continuity in child-caregiver  
relationships 732

control expectations 52

conversational skills, adult influences  
33

coping, childhood homesickness 232

creativity, model development 250

cross-modal transfer, continuity of  
604

**Crying**  
acoustic qualities 16  
changes in 540  
fitness 4  
sensitivity to 32

culture and early infancy 731

cultures, effect on adolescents 336

**Day care**  
child misbehavior and teacher  
discipline 410  
teacher discipline and child  
misbehavior 410

death in infants, perpetrator  
characteristics 651

definitional skills, growth of 591

**Delinquency**  
drug use 115  
models of development 240  
theories of 497

delinquent friends, influences on 704

**Depression**  
and conduct disorder 654  
dysthemia 146  
humor 369  
maternal and gender specific  
pathways 139  
maternal and infant brain activity 140  
maternal and mother-toddler  
interactions 457  
risk taking behavior 386  
school refusers 131

development, maternal expectations  
8

**Developmental**  
data analysis of 255

delays, promotion of 385  
disabilities, assessment of 374  
pathology and genetics 582

psychopathology 526

diabetes, adherence to treatment 548

diagnostic data, psychiatric 134

differences in abused children 396

**Disabilities**

and child abuse 396  
and parental stress 658  
predictors of involvement 187

discipline, harsh and consequences  
227

disorders, developmental and  
differentiation of 671

disputes and parental intervention  
214

distractibility and attention 97

disturbance, predictors of 645

diversity and the social mind 563

divorce, transitions 257

dominance 539

**Down syndrome**

adoption of 723  
attention and affect 377  
internal state lexicon 358

drawings, family and children's  
representations 185

drug-exposed infants and cognitive  
functioning 557

drug exposure in early child  
development 387

drug use and delinquency 115

**Drug abuse**

brain abnormalities 536  
during pregnancy 538  
factors related to 366  
lesbian, gay and bisexual youth 484  
psychosocial risk 394  
urban adolescents 650  
violent crime 364

dysthemia and depression 146

**Early childhood**

effectiveness of 504  
intervention and school achievement  
351  
service delivery 413

early intervention, replication of  
effects 778

eating disorders, representations of  
eating 157

**Economic**

activity, children's role 226  
status and help-seeking 352

ECT, use of 159

education outcomes, factors  
influencing 188

educational performance, influences  
on 628

**Emotional**

autonomy and academic achievement  
713

development and cultural  
meaningfulness 764

development, influences on 762

displays of 714

distress and sexual abuse 663

individual differences 742

support in middle childhood 702

**Emotions and emotional  
development**

distinction between real and apparent  
415

processing and brain related  
potentials 82

recognition and facial expressions 67

regulation, assessment of 225

security and marital relations 431

**Empathy**

and comforting behavior 440

and prosocial behavior 66

epilepsy and mental retardation 655

ethnic discrimination, understanding  
of 494

ethnography 785

**Event**

comprehension, developmental spans  
805

representation in infancy 297

expression, understanding of 220

extended-year schooling, effects of  
632

externalizing behavior and parents'  
stress 771

**Face and facial**

expressions and emotion recognition  
67

expression, interpretation of 462

expressions, production of 707

recognition and speech 53

recognition by infants 310

vocal displays, sensitivity to 25

facilitated communication, role of  
touch 379

false belief understanding,  
facilitation of 320

false reports 775

**Familial influences**

conflict 194

on child development 129

social policy 277

**Family**

cross cultural study of 711

dynamics, effects of child 527

factors and psychological well being  
715

relationships 435

secrets 499

support center approach,  
effectiveness of 769

family-resemblance categories,  
effects of theories on acquisition of  
590

**Fantasy**

differences between children and  
adults 108

theory of mind 96

father-infant attachment and absent  
fathers 239

**Fatherhood**

teenage and risk factors 492

timing of 211

fear in infancy 705

### **Feeding**

and motor activity 553

infant 277

### **Fertility**

as an expected value process 772

emancipation hypothesis, test of 455

### **Fetal**

abuse 378

behavior, review of 506

### **Fetal Alcohol Syndrome**

and memory 687

behavior scale 796

incidence 552

overcoming disabilities 803

fluency disorders and intervention  
strategies 523

forgetting, intentional 64

foster care, effects of 261

fractional quantities, understanding  
of 95

fragile X syndrome 535

### **Friendship**

adolescent 407

preadolescent 412

quality of and learning problems 487

quality, predictors of 726

social context 480

status, prediction of 183

gangs, precursors of membership 433

### **Gender**

assignment of 411

characteristics, perception of 624

differences by secondary school  
students 643

differences in mathematics 26

differences and motivational styles  
641

differences in peer companionship  
481

differences, ADHD 646

effects on parents, moderators of 309

gender-role, perception of 201

impact on teacher evaluation 334

paternal absence 476

related ideals of adolescents 722

role attitudes, maternal influences on  
716

genetic etiology of cognitive ability  
79

gesture, knowledge conveyed 296

### **Girls**

conversations, comparing mothers  
and friends 699

opposite-sex relationships 756

parenting practices 724

government, children's conception of  
581

grade retention and learning  
disabilities 112

grammar, origins of 800

### **Grammatical**

awareness and reading 287

category assessment 614

grandparenting, legacy of 460

growth curves and vision  
impairments 5

hand preference 15

head position preference 281

### Head Start

and outcome evaluation 630  
assessment of social domains 419  
preacademic competence 470

health care and psychopathology 670

health risks and development  
transitions 533

### Heart rate

attention 62  
dishabituation 92

help-seeking and gender 352

hemineglect and ADHD 359

### High-risk

behavior, middle-school subjects 244  
neonates and speech recognition 285

Hispanic parents, participation 125

### HIV

counseling, effects of 653  
families and stress 408  
psychological adjustment 545

### Home environment

and achievement 697  
quality of 511

### Homeless children and youth

families of 404  
stress, coping and social support 401

homesickness, coping with 232

homework, family's involvement 627

### Human

behavior is a global village 776  
differences, cross-cultural concepts  
of 568

humane education research,  
evaluation of 246

humor and depression 369

hyperactive behavior in adolescence  
154

hyperactivity, parenting of children  
692

hypnosis and human development  
493

### Identity

children's understanding of 286  
context 311  
development 203  
Identity Style Inventory 522

image-schema, reevaluation of 787

immunization and psychosocial  
adjustment 710

impairment, predictors of in anxiety  
disorders 672

impulsivity and sensation seeking  
542

### Inclusion

preschool and influences 449  
relations, children's understanding  
of 48

induction and belief in development  
577

inductive reasoning 578

**Infant**

- caregiver attachment 719
- death, risk factors associated with 549
- locomotion, development of 534
- memory, levels of processing 555

**Information**

- needs of parents 471
- processing during first year of life 564
- processing, speed of 70
- inhibition, consequences of 221
- intellectual abilities, age changes 596
- interaction, age and sex differences 167
- intergenerational programs 802
- internalization and sociogenic perspectives 524
- internalizing disorders childhood 783

**Intervention**

- effects of 361
- effects on cognitive performance 24
- IQ, genetic influences on 537
- iron-deficiency anemia 276
- issues, developmental and Beverly Hills 90120 446
- IVF, development of 520
- job-skills development, influences on 130
- joint visual attention 291

just community 114

kindergarten screening and reading failure 339

knowledge gained by seeing 87

**Language and language development**

- acquisition and linguistic cues 561
- continuity of 98
- categorization 40
- comprehension 71
- Down syndrome 373
- emerging literacy 74
- mothers knowledge of 326
- motor skills 322
- prenatal exposure to drugs 31
- private argument 512
- teacher's use of idioms 55
- Williams syndrome 373

lateral asymmetries 284

**LD**

- and grade retention 112
- biographic characteristics 345
- correlates and relevance of 659
- diagnosis 353
- school membership 371
- learning difficulties and communication skills 308

**Life**

- aspirations and adolescent mothers 706
- course as developmental theory 500

listener skills, development of 593

**Literacy**

- emerging 74
- program and child development 127

locomotion, infant 1

**Locus of control**

comparison across races during  
adolescence 241

logical reasoning, development of  
566

looking, interpretation of in infants  
22

lost letter technique 793

low birthweight and ADHD 649

**Low income**

children and DSM-III disorders 149  
status and suicide ideation 760

lying and truth telling 63

MACRO forms, development of 509

**Maltreatment**

and poverty 177  
long-term effects of 683  
prediction of 354

marital history and children's  
cognitive development 428

**Marriage**

discord and child behavior problems  
727  
relations and child development 718  
violence, long term consequences  
747

Matching Familiar Figures test,  
internal consistency of 782

**Maternal**

affective behavior 210

anxiety and emotion toward children  
148

control, role of 758

depression and gender specific  
pathways 139

emotion and responsiveness 190

parenting style and relationships 192

paternal attachments 738

sensitivity and infant characteristics  
237

speech and children's vocabulary 81

teaching 34

**Maternal interaction and  
competence**

availability, perception of 452

interaction and language

development 315

interactive styles and social  
competence 463

separation and autistic children 367

mathematics achievement and  
self-concept 469

melody perception 284

**Memory**

attachment relevant information 58

autobiographical in different cultures  
579

development of 288, 777

development and home environment  
80

development of frequency and recent  
69

FAS 687

intrusions, development of 305

metacognition 595

phonological sensitivity 42

reenactment 303

retrieval and auditory context 35

short-term and word learning 38

spatial 51

speed 88

**Mental**

and pictorial representation 617  
attitudes, understanding of others 44  
health and parental bonding 363  
states in pretense 89

**Mental retardation**

and parent interaction 144  
conduct disorder 655  
mothers role 648

**Metacognition**

knowledge and experience 597  
memory 595

metaphoric compounds, production  
of 576

metarepresentation and theories of  
mind 606

metatheoretical reflection and  
developmental psychology 266

methylphenidate, effects on teacher's  
ratings 405

midline crossing 282

misinterpretation, children's  
understanding of 603

missing children 274

mistakes, understanding of 323

modeling judgements and  
justification 99

**Morality and moral development**

development of 111  
dilemmas and judicial reasoning 61  
maturity, conception of 620  
moral dilemmas, justice and care  
orientations 424

prototypes 580

psychology, use of data 621

mortality and American Indians 7

**Mother-child interactions**

adolescent dyads, predictors of  
communication 390  
attachment 741  
autism 689  
drawing 109  
emotion talk 289  
infant interaction, effect of objects  
292  
later language competence 608  
noun-phrases 602  
participation and theory of mind 105  
play, structure of 483  
problem-solving, continuity of 181  
toddler interactions and maternal  
depression 457

motherese and hearing infants 312

motivational style and gender  
differences 641

motive information and trait  
inferences 301

motor skills and language 322

movement, perception of 314

muscle damage during exercise 140

name mapping preference 572

narrative, organization of 623

neglected children and psychological  
variables 681

neonatal withdrawal inventory 774

neurodevelopmental disorder, and  
fetal alcohol syndrome 553

neuroscience, review of literature 259

nicotine dependence 280

**Nonresident parent(s)**

fathers and child support 489

parents and child support 488

novelty and complexity in infants  
607

numerical abstraction 73

nurse-preschooler interaction 486

object unity, infant's perception of  
571

**Object**

categorization 19

representation in infancy 297

Obsessive-compulsive behavior and  
ideation 693

obsessive-compulsive disorder,  
incidence of 158

oppositional disorder and conduct  
disorder 132

orphans, socioemotional  
development of 355

parent-child relations and transition  
to adulthood 409

**Parent-adolescent**

conflict 453

conflict and cohesion 721

congruency 456

**Parent-teen**

communication 739

sexual risk communication 734

**Parental**

bonding and mental health 362

conflict and self-esteem 477

discipline, children's perceptions of  
414

stress and disabilities 658

support and sexual abuse 678

Parental Comparison Level Index  
521

**Parenting**

alliance theory 698

attitudes and practices 724

cross-national study of self-evaluation  
703

depressed and offspring problems  
544

differences in different cultures 770

early adolescents perceptions 755

goals and parent-child disagreement  
730

lesbian and heterosexual mothers 748

national survey 554

of hyperactive children 692

practices and academic competence  
635

styles and parent-adolescent conflict  
766

temperament 708

**Parenting and parent interaction**

adolescent conflict and school  
adjustment 224

attachment 180

child centered perspectives 475

competence, perceptions of 418

competitive 451

familial similarity 202

intuitive and infant behavior 465

investment in children 251

involvement and reading 118  
mental retardation 144  
parent-child interaction, changes in  
  response to intervention 466  
predictors of child adjustment 204  
presence, effects on children and  
  surgery 165

paternal absence and gender 476

### **Peer**

authority, concepts of 459  
companionship and gender  
  differences 481  
entry group 498  
relations and physically disabled  
  children 514  
relationships and social behavior 467

### **Perceptual**

development, early 325  
similarity in infants 78  
similarity and linguistic input 569

### **Personality**

development and Holocaust  
  survivors 744  
development of theories 110  
traits and ADHD 679

pets as transitional objects 773

phonemes and spelling 101

phonetic skills and vocabulary size  
  598

phonological acquisition 570

### **Phonology and phonological**

**awareness**  
  awareness 290  
  processing abilities and reading 102  
  sensitivity and memory 42  
  skills and reading Chinese 45

written language 68

physical activity and maturation 543

### **Physical activity**

and physical competence 546  
intensity of 12  
prepubertal girls 9  
report of 2

pictorial and mental representation  
  617

### **Play**

ambiguity of 804  
social-pretend 182  
symbolic and thought 613  
temperamental arousal 179

policy studies, importance of 798

popularity, predictors of 638

postpartum depression and  
  development 528

### **Poverty**

behavior 262  
indices of 660  
maltreatment 177  
urban and children's well being 715

predictors of re-abuse or re-neglect  
  406

### **Pregnancy**

adolescent 344  
adolescent and prevention programs  
  429  
and drug abuse 538  
repeat among adolescent mothers 444  
teenage and child abuse 393

preschoolers, economic  
disadvantaged 128

pretend play, communicating about  
420

**Pretense**

expression, children's understanding  
of 54  
mental states 89

**Privacy**

children's and parent's perceptions of  
510  
privacy and child's choice 403

problem behaviors in children and  
maternal age at delivery 753

**Problem solving**

and training 307  
rudiments of 28

productive vocabulary and category  
differentiation 616

proof construction 85

properties of understanding 93

prosocial behavior and empathy 66

prosody, role of in language  
acquisition 586

**Psychiatric**

disorders and substance abuse 652  
history and mother's reports 136

psychological testing, review of 779

psychologists, analysis of needs 720

**Psychopathology**

and substance abuse 137

developmental 526  
and health care 670

**PTSD**

pediatric 368  
psychotherapy 673  
review 789

Puerto Rican children, family  
involvement 229

**Reading**

acquisition 30  
failure and kindergarten screening  
339  
grammatical awareness 287  
learning how to 642  
parental involvement 118  
phonological processing abilities 102  
self-esteem 629  
short term memory 341

rearing influences, mothering and  
attachment 249

**Reasoning**

about 587  
about ecological events 50  
abstract precocious 626  
obligations 588

recent and frequency memory,  
development of 69

references, development of 76

regulation in infancy 705

**Relationships**

adolescents with family and friends  
472  
individual's role 260

relaxation effects on anxiety 682

reliance, assessment of 781

reminiscing about the past 298

### **Representation**

objects 294

pictographic in children's narratives  
313

representational gestures and  
conceptual information 304

research methods, comparison of 258

### **Retention**

achievement 116

follow-up 121

right brain development, organization  
of 517

rights, understanding of 763

risk taking, role of contextual factors  
208

### **Risk and risk factors**

behavior and American Indian youth  
279

behavior and depression 386

culture of risk taking 525

early development 387

sadness, management of 245

safety in schools 333

scaffolding by parents and children's  
problem solving 427

schizophrenia, childhood review of  
780

### **School**

attainment, influence of parent's  
social activities 421

dropout, adolescent 344

failure, coping with 346

functioning and school strain 338

performance in children and

adolescent mothers 478

phobia, treatment of 669

problems and family background 349  
refusal 372

refusing children 664

strain and school functioning 338

success, prediction of 331

transition to work 508

### **School adjustment**

parent-adolescent conflict 224

victimization 200

scientific reasoning, development of  
306

Scouting, effects of self-esteem 761

### **Searching**

flexibility and control 330

in infants 556

self-blame and victimization 725

### **Self-concept**

across white and Hispanic

populations 491

family and school factors 207

self-deception, children's  
understanding of 47

### **Self-esteem**

adolescents mothers' and role identity  
733

attention-deficit hyperactivity  
disorder 142

body image 666

effects of divorce 173

effects of Scouting 761  
gender and grade differences 172  
influences on 746  
parental conflict 477  
parental marital status 437  
reading 629  
victimization 223

self-perception and performance 348

self-recognition and stress 65

self-regard and victimization 439

self, understanding of 317

semantic relations 84

sensation seeking and impulsivity 542

**Sensitivity**  
attachment 238  
exploration of 231

**Sexual abuse**  
age of onset 153  
and parental support 678

sexual activity in teenagers 479

sexual assault, role of perpetrator  
acknowledgment 384

**Sexual behaviors**  
influences of adolescents' 749  
normal and beliefs about 662  
review of studies 503

**Sexual intercourse**  
influence of siblings 496  
timing among adolescents 474

sexuality, adolescent and depiction in  
teen magazines 436

shame, factors affecting 166

short-term memory and reading 341

**Sibling**

birth of during first six years 422  
interaction 197, 295  
longitudinal study of effects 423  
pretense and language 302  
tattling 432

sickle cell disease, psychosocial  
factors related to 442

sign language and autism 395

singing, parents to infants 234

single-mother households, children's  
socialization 426

single-parent families, parental  
distress and children's problems  
425

**Sleep**

position and rolling over 6  
problems and attention disorders 674

smile type and play 176

**Social**

and economic inequalities and  
development of children 468  
behavior and peer relationships 467  
class and childbearing behaviors 443  
interactions, adolescent same-sex and  
opposite-sex 473  
maladaptation, antecedents of 752  
networks, development of 458  
reputation, aspects of 709  
skills and alcohol use 765  
support, measurement of 516

**Social behavior and adjustment**

adjustment and achievement 117  
competence, measurement of 263  
functioning, prediction of 178  
personal storytelling 209  
pretend play 182

sociometric and peer popularity 754

### **Spanking**

anti-social behavior 228  
influence on aggression 191

spatiotemporal expectations, infant's  
acquisition of 329

### **Speech**

and face recognition 53  
perception and high-risk neonates  
285  
precursors to 601

speed and memory 88

### **Spelling**

development of 639  
phonemes 101  
strategies 77

still-face effect 739

story presentation and use of  
referring expressions 610

street worker boys, work and identity  
169

### **Street children**

census of 206  
character development 218  
estimation of numbers 219  
sexual behaviors 198  
South Africa 230  
street children and human dignity  
164, 235

youth, influences on and status of  
461

### **Stress**

abuse 392  
and coping in adolescence 736  
and self-recognition 65  
displaced adolescents 694  
during adolescent, mother's awareness  
729  
parenting in battered woman 482  
urban children 430

### **Substance abuse**

and psychiatric disorders 652  
and psychopathology 137  
clinical referrals 161

success, gender differences in  
response to 700

sucking, high amplitude 3

### **Suggestibility**

eyewitnesses 91  
individual differences 790  
story summaries 56

suicidal behavior among street youth  
677

suicidal behaviors, incidence and  
predictors of 675

### **Suicide**

attempts, affect regulation 162  
epidemiology of 665  
ideation and ideation 760  
predictors of 450

support, stability and change 495

symptomatology and prediction of by  
temperament 464

tattling 432

teaching, perceptions of 342

teen pregnancy, prevention of 163

teenagers, street and interactions 767

### **Television**

adolescent learning 332

advertisements, evaluation of 184

### **Temperament**

adolescent and substance abuse 490

and parenting 708

behavior of children 170

influences on 189

play 179

thematic preference 103

### **Theory of mind**

and conversation 299

experiential interpretation 788

fantasy 96

metarepresentation 606

mother-child participation 105

pretense context 565

use of mental verbs 611

### **Thinking**

about the future 575

and feeling, link between 59

thought and symbolic play 613

time, use of 417

training, effects of 248

trait inferences and motive  
information 301

traits, children's thoughts about 583

transition behaviors, supervision of  
335

trauma and psychological adjustment  
217

triadic gaze information, use of 592

twins, attention-deficit hyperactivity  
disorder 151

unmarried mother families, living  
arrangements 205

use of nouns and caregivers speech  
619

utterances, categorization of 75

verbs, learning of 599

### **Victimization**

and self-blame 725

community violence 507

factors related to 196

in schools 333

school adjustment 200

self-esteem 22

### **Violence**

adolescent survey 505

behavior in adolescence 141

children and society 530

during adolescence 735

exposure to 792

exposure to and psychosocial  
adjustment 657

living with 757

risk factors for 199, 380

victimization 507

weapon-carrying youth 515

violent crime and drug use 364

### **Vision and visual development**

effects of diet 10  
fixation 86  
impairments and growth curves 5  
skills in infants 36

visual attention, factors relates to 605

visuospatial skills, assessment of 794

**Vocabulary**

growth 41  
learning and clinical  
intervention 327  
size and phonetic skills 598

vulnerability and development 273

**War**

effect on children 254  
impact on mental health of children  
402

white families in inner city schools  
532

Williams syndrome and word  
learning 618

**Word**

learning 567  
learning, rapidity of 609  
order and productivity 17  
recognition and talker  
variability 90

**Words**

and gestures in infancy 600

learning in conversations 558

worry 750

written language and phonological  
awareness 68
